PERSONALITIES

FRANK S. SQUIDDER has returned
from a trip to Kaula.

SAM McKEAGUE is reported to be
improving after his many weeks of
illness.

REV. J. D. IAEA has returned from
Molokai, arriving on the Mikahala
Sunday.

MRS. C. J. MCCARTHY will leave
for a trip to the mainland on the
Sierra tomorrow.

MR. AND MRS. McDONALD of
Santa Rosa, Cal., after spending
several weeks in the islands, have left
Honolulu for their home.

GEORGE H. ROBERTSON will
leave on the Sierra tomorrow for San
Francisco. He expects to visit Byron
Hill Springs before returning.

W. W. CONGDON, of the Park the-
ater, returned to Honolulu today on
the Wilhelmmina after a trip to the
mainland on theatrical business.

MANAGER J. C. RAPHER of Young
Hotel Laundry recently returned
from the coast, where he looked into
new models of machinery which may
be brought here for the laundry in
the near future.

MISS A. KELLEHER and Miss H.
Wadsworth, young ladies from the
coast, arrived this morning by the
Wilhelmmina and are said to be
joined in wedlock to a couple of well
known island young men.

ATTORNEY NOA ALULI, who went
to the States a few months ago both
on business and pleasure, returned
this morning, accompanied by Mrs.
Aluli. Mr. and Mrs. Aluli will prob-
ably leave for Hilo next Friday, sail-
ing in the Claudine.

E. W. CONGDON, associated with
the local theatrical trust, has re-
turned from a business trip to the
coast, during which time he signed
up a number of performers who will
make a visit to Honolulu. While
away, Congdon got a line on a num-
ber of clever performers who will
later on appear here.

N. AND H. YOUNGREN, better
known in the amusement world as
the Youngren Brothers, have been
brought to Honolulu to open at one of
the theaters operated by the local
theatrical combine. The young men
are said to be clever acrobats and
they arrived as passengers in the
Wilhelmmina this morning.

WHIPPLE HALL, who attended to
the business arrangements in con-
nection with the recent aviation meet
held at Honolulu in which Bud Mara
figured, has returned to the islands,
by the Wilhelmmina, and will await the
sailing of the Canadian-Australian
steamer Makura for Australia. He is
said to endeavor to promote a se-
ries of flights to be held at the popu-
lar cities on the southern conti-
nent.

A continuance of twenty days was
granted by Circuit Judge Robinson
this morning for Frank E. Craig to
make answer to the injunction that is
now in force against him in the name
of the Kona Plantation Company.

The request was made by Attorney
E. M. Watson for Craig, and was con-
curred in by W. A. Kinney, represent-
ing the plantation company.

Await Action of Supreme Court.
Frank R. Craig, charged with unlaw-
ful recruiting of laborers; Captain
Frederick Miller, owner of a fleet of
steamers and launches used in the
transportation of recruits from shore
to the S. S. Senator; G. A. McElidowney,
Captain Miller's assistant; Alvaro
and Balazar, two Filipinos who
are alleged to have assisted Craig in
his work, and three Japanese employ-
ees of Captain Miller in the operation of
his vessels, were to appear before
Judge Lyman at the District Court to-
morrow morning to answer to the
charge of violation of Section 44 of the
Revised Laws of the session of 1911.

They are charged in the District
Court with having aided and assisted
in enticing laborers to leave the Is-
lands to take up work with the Alaska
Pulpers' Association.

Assailing the test of the constitu-
tionality of the new law, the matter
has been postponed for one week. It
is expected by that time that the Ter-
ritorial Supreme Court will have hand-
led down a decision in the case now
under argument by the attorneys for
both Craig and the sugar planters.

MUCH MEAT IS BROUGHT BY MATSON STEAMER WILHELMINA

**Quarantine Is Making Wholesome Reductions In Passenger
Lists for the Islands—Persia Here at Three O'clock with
Many Missionaries—Waialele Brought Big Sugar Ship-
ment—Thetis Has Sailed for Bird Islands.**

Refrigerated meats, fifty thousand
pounds of it, were stowed away in the
chambers of the Matson Navigation
steamer Wilhelmmina that made an
early appearance off the harbor this
morning and came along side the
wharf before eight o'clock.

The trip down from San Francisco
is said to have been a very pleasant
one for the 47 cabin and 5 steerage
passengers. The refrigerated cargo
is consigned to the United States gov-
ernment and is simply one of many
that are arriving in the islands by the
Matson fleet of steamers.

Purser Drew stated that despite all
endeavors to get into communication
with the Pacific Coast steamship Ser-
vator, that vessel maintained a discrete
silence. It is reported that the first
two days out from San Francisco, the
weather was extremely cold, compelling
passengers to remain within doors for
comfort.

The Wilhelmmina came in this morn-
ing with two new officers, John Diers
is now third officer in the ship while
J. Stanton is in charge of the wire-
less. The Wilhelmmina brought about
2600 tons cargo and 231 sacks main-
land mail.

Oil on Harbor Waters.
The surface of Honolulu harbor
continues to show marked evidence of
much oil seepage. This morning the
water in the vicinity of the Matson
Navigation wharf was covered with a
greasy and dirty scum, that is said
to come from seepage of oil, which
had its origin in a leak from a large
main leading from the oil tanks to
the plant of the Hawaiian Electric
Company. While the leak in the pipe
has been checked, it is stated that
the earth for a distance of twenty
or more feet has become thoroughly
saturated with the liquid fuel which
must needs find an outlet.

**Pavement Makes Favorable Impres-
sion.**
A section of street pavement that
is being laid under the direction of
the city road department on the wide,
boulevard-like highway that leads into
the Oceanic wharf, has made a favor-
able impression upon those who
have from time to time had occa-
sion to inspect the job. Upon a sur-
face of rolled broken rock there has
been laid several layers of this rock
mixed with paving composition, that
when completed leaves a fine even
surface. When the work is completed,
the entire lower end of Fort street
will have been similarly treated.

Orteric Made Ready for Sea.
It is expected that the Weir line
freighter Orteric now at the port dis-
charging a shipment of five hundred
tons fertilizer material will be ready
for sea by Thursday. The steamer is
destined for Vancouver and Victoria,
for which ports there is some five
thousand tons cement and general
European merchandise. The Orteric
has been fumigated and cleaned after
the departure of fifteen hundred Span-
ish and Portuguese immigrants from
her decks.

The inter-island steamer Waialele
was an arrival at the port this morn-
ing with a large quantity of sugar
gathered at Hawaii ports of call. The
steamer is to be given a prompt dis-
patch, the sugar to be discharged into
San Francisco bound steamers now
lying here awaiting cargo.

Long Wait On Mahuka Case

The instructions of Attorney Gen-
eral Wickelmaier for quick action in
the Fort street condemnation case will
be disappointed as a result of the de-
cision of Federal Judge Clemons that
he is not qualified to hear the con-
demnation proceedings.

The case will be held up, in the
opinion of United States officials, un-
til the return of Judge Dale, who will
not be back from his European trip
for six months or more.

Under the provisions of the new
Judiciary Act it would be possible to
secure a Federal Judge from the main-
land to try the case but it now seems
that no effort will be made to do this
until the return of Judge Dale.

The new judiciary act goes into ef-
fect January next.

BLUNDER COSTS HAWAII \$1214

**Department of Public Lands
Held Responsible for De-
fective Title to Land.**

FIFTY-THIRD DAY.
Twenty minutes of very valuable
time were spent in the House this
morning discussing whether or not one
of \$1214. Incidentally, it was brought
out in the discussion that the claim
would never have come up to the House
if the public lands department and its
head, Superintendent Campbell, had not
blundered somewhere and somehow.

Yes Yip had claim to the damages
because of defective title to land, and
the finance committee, which has in-
vestigated the matter, reported in fa-
vor of allowing the claim. Chairman
Rice explaining that the defective pa-
tent bore the signature of Campbell as
well as of the attorney-general. Ar-
cher made a long speech against al-
lowing the claim, but Rice declared
that the damages had arisen from the
blunder of a territorial official and the
Territory was in duty bound to stand
the loss. So the bill passed.

The finance committee reported this
morning on the House bill which
appropriates money to reimburse the
county of Maui for the money it spent
on behalf of the Board of Health dur-
ing the recent outbreaks of scarlet
fever and varioloid. The report recom-
mends \$5000 instead of the \$5000
originally appropriated in the bill, as
it has been discovered that the Terri-
tory is indebted to Maui county for
the larger amount. The report was
adopted.

J. P. Hale, as a minority of the
health committee, refused to concur in
favorable reports on several health
bills. Among them were Senate Bill
131, relating to infectious diseases; S.
B. 132, to prevent tuberculosis and the
spread thereof; S. B. 130, relating to
the Board of Health, and S. B. 122,
relating to abatement of nuisances. All
of the members favored the bills with
the exception of Hale, and as he gave
no reasons for his opposition and filed
no minority report, the House adopted
the favorable report of the majority.

Bills Introduced.
H. B. (by judiciary committee)—
An act to protect purchasers from
fraudulent conveyances of personal
property.

Passed Third Reading.
S. B. 115—Appropriating \$1214 to re-
imburse Yee Yip for damages due to
defective title of land. Ayes, 26; noes,
3 (Archer, Hughes, Yates).

**Wayson's Name
IS SUGGESTED**

**Supervisors Practically United
On City and County
Physician.**

Dr. James T. Wayson has been
practically settled upon by the Board
of Supervisors for City and County
physician to succeed Dr. Bruce McV.
Mackall, who resigned a few days
ago. The Supervisors talked over the
matter informally this morning, but
reached no definite decision as to one
of their number. McCallan, has not
expressed his views. They will con-
tinue to discuss the matter this after-
noon and may be ready to announce
an appointment by tonight, when a
meeting of the Board is to be held.

There seems to be some doubt as to
whether Dr. Wayson will take the pos-
ition. He is now a physician for the
Territorial Board of Health, much
interested in leprosy investigation and
may be reluctant. It is feared, to
make a change. A number of other
names have been discussed by the
board, but it seems to be more united
on that of Wayson than any other.

MR. WOLTERS ON UNION STREET

**He Points to Sudden Action
When Brewer Estate
Bought Property.**

Mr. Wolters who has property
fronting on Fort, running through to
Union street, takes a very different
view of the bill presented to the Leg-
islature for the relocation of Union
street than is presented by Hon.
George R. Carter in his letter pub-
lished this morning.

"In the first place," says Mr. Wol-
ters, "the discovery of the plan of the
Government to widen Hotel street was
not the discovery of anything very
new. A bill to widen the street went
through the Legislature some years
ago and I suppose the money was
and was planned to exchange
land for street purposes, should go
only to that one corporation in con-
nection with the matter."

Mr. Carter says the estate was ap-
proached. I am a property holder in that section.
I heard nothing of the matter and if
I had known that there was any
possible prospect of any of this
land being available I should have
been a bidder for the Bruce
Cartwright property. Mr. Cartwright
has told me that he has tried repeat-
edly to get some action or considera-
tion from the Government with a view
to squaring up his property, not on
such an elaborate scale as is now pro-
posed but to correct a small jog on
the Union street frontage. He got
no action. The Charles Brewer Es-
tate buys the property and immedi-
ately the Government gets busy. I
don't say who is pressing the bill
now before the House but I do know
that the bill is misleading. The Sen-
ators had the impression that they
were voting for street improvement
but they now see that they are vot-
ing to make an alley of varying widths
in the heart of the business section.

"I can assure you of one thing. If
the plan of this relocation is put
through, Union street will never be
closed up as is suggested by Mr. Car-
ter. The Government gets busy. I
shall build. I am sure it would then
cost too much to close Union street
and open Bishop street through to
Beretania."

"I can't understand why the Gov-
ernment officials should have so sud-
denly 'seen the light' in connection
with this Union street business that
has been hanging on for years, and at
the same time stop work on the ex-
tension of Bishop street that was sup-
posed to be one of the settled policies
for the betterment of the business
section of Honolulu."

"I of course can't say who origi-
nated the Union street relocation bill
but I am sure it has now been before
the public long enough for most ev-
eryone to learn that it is a great mis-
take and should not be approved by
the Legislature."

AWAIED DEATH; WOMAN SAVED

**Matron 52 Years Old Makes
Remarkable Statement On
Recovery of Health.**

A remarkable statement was made
yesterday at the Honolulu Drug Co.
store, 1024 Fort street, Odd Fellows
Building, by Mrs. Lote Kealahiale,
who lives at Waikiki, close to the
Catholic church. Mrs. Kealahiale
is over fifty years old. She said:
"During the last four or five years I
have been a very sick woman, suffer-
ing from a bad cough, losing flesh,
stomach trouble and it finally got so
bad that I was not able to walk
across the floor. I thought I was go-
ing to die. I could eat very little
and then not without extreme pains;
gas would form, causing great agony
and I was generally miserable. I
spent my money for doctors and med-
icine without securing relief or get-
ting any better. My case seemed to
puzzle them. I finally took to my
bed and the physician who was called
in said my case was hopeless and it
was only a question of a short time
when I would die. Then I heard of
Bro. Benjamin and decided to try
his remedies as he had made some
wonderful cures. I used the Bro.
Benjamin Compound Herbal in small
doses to build me up and the Bro.
Benjamin Cough Remedy to stop the
terrible cough which was racking my
lungs to pieces. I want to say now
that the results from this simple form
of treatment were positively wonder-
ful. I passed two large worms from
my system since taking the Compound
Herbal and at once commenced to
get better and gain strength. I no
longer suffer pain of any kind and
am able to be about and well enough
to come down town personally and
thank Bro. Benjamin for what his
marvelous medicines have done for
me. My daughter was also trouble-
d with pains in her stomach and she
is taking the medicine. She has had
no pains of any kind for over a month
now. We are both of us proud to
say that we give credit to the Bro.
Benjamin medicines."

The genial Bro. Benjamin was talk-
ing to a stream of callers all day.
Asked for an interview he said: "I
haven't time for a talk now but sup-
pose you look over these statements
from people who have come in to
thank me for what my remedies have
done for them."

A few culled from many and con-
densed were as follows:

Capt. Louis Berni, Panchowai
and Beretania streets, resident of Hon-
olulu for 30 years; cured by Bro.
Benjamin of a bad case of rheumat-
ism.

D. W. Pahu, 2210 Liliha street;
cured of backache, stomach and kid-
ney troubles; sick four years.

B. Crossen, Crossen station, Waik-
iki; stomach trouble of many years'
standing; cured.

William Meyers, watchman, Hawa-
liian Fertilizer Co. for over 5 years,
resident here over 12 years; rheumat-
ism, crippled, walked with cane
and crutches; now cured.

And hundreds of others here and
on the other islands.

You can't expect one bottle to cure
disease of long standing. These peo-
ple have used it faithfully and per-
directions for 5 to 10 or 12 weeks and
they get the results. They are cured
and will stay cured. I will be at the
Honolulu Drug Co. for a few weeks
more to accommodate the many hun-
dreds who call each week and be glad
to explain the remedies and how to
get the wonderful cures effected. My
hours for my assistants and myself
are from 9 a. m. to 6 p. m. Saturdays
until 2 p. m.
